Description of Layout:

The Johnstown and Maryville RR is a totally fictitious branch line loop somewhere in Wisconsin. It serves a half dozen industries with a total of 36 car spots. I have 4-four axle Milwaukee Road locomotives. A GP-9, a GP-20, an Alco RS-1 and a FM H16-44. The layout can be operated from both sides with two seperate crews working their respective industries. Its designed as a sit down operations layout.

Days Available: Thursday 10/8 (Y/N) Y

Friday 10/9 (Y/N) Y

Saturday 10/10 (Y/N) Y
